Writing a listicle

Title: The 5 different ways dinosaurs could help you

Organizing your ideas

Imagine you could travel through time and decided to live in the same time dinosaurs were alive. There weren't any of the things there are today: no computer, no internet, no cars, no buildings, no supermarkets. You would live in caves and the dinosaurs could help you using their amazing abilities. What could they do? Discuss this situation with your partner and take notes.
