

<p>1. First of all, choose what kind of story you want to tell. Is it going to be a romance? A horror tale? A comedy piece?</p>	
<p>2. Now, let's think about the characters in it. How many will there be? Are they going to have names? If yes, what are their names? Think of the details, gender, profession, personality... Anything that can be relevant to your story. Write it down.</p>	
<p>3. When is the story set? Is it going to be relevant to know? Is it set in the present, the past or the future? Is it going to happen all in one day or over the course of a few days, maybe some decades?</p>	
<p>4. Where is the story set? Is it going to be relevant to know? Is it in a house, in a big city, on the beach? Will there be a lot of different locations or only one?</p>	
<p>5. Finally, what's going to be the main conflict? Will it have a solution or will it remain as a mystery for the reader to think of it? Describe it in as many details as you can.</p>	
<p>6. Do you have any idea for a title? (don't worry, you can change it afterwards).</p>
