

00:00

Hi, guys! It's Lizzy Greene and today I'm

00:02

going to be showing you what's in my

00:04

backpack. So let's go ahead and start. Now

00:08

the first thing I keep in my bag is, of

00:10

course, my phone. In this case mine is

00:13

cracked. Pretty much the story is my dad

00:16

told me to keep a case on it, I took the

00:17

case off and, when I did, it dropped on

00:19

the concrete. So listen to your parents,

00:21

kids.

00:21

So that's fun... And the next thing I have

00:24

is kinda just this, like, cool little makeup bag. You know, we've

00:29

got some fun stuff in here... We've got some

00:31

blue glitter nail polish because you

00:33

always wanna have some glitter on you all times and

00:35

a mirror compact so you can see your face.

00:39

And my Kids Choice Award

00:43

ticket. Just keep it... It's good for some good luck. My

00:48

Laptop... I love stickers so I put a ton of

00:52

stickers on my laptop, like these aliens because

00:55

they're, like, holographic and bimbo,

00:56

so that's fun. My binder... It's like a cool

00:59

collage of my friends and my cast, so

01:02

this is fun... And, in the front pocket, I have

01:06

some sunnies... This is good to shield you from the

01:11

sun. A phone charger... And mine is in

01:15

Nickelodeon orange. Now the next thing I

01:17

have is a necessity. I always have one

01:20

with me. I keep a party popper.

01:22

Whenever I'm just feeling like

01:24

really happy, I'll just do this.

01:29

I hope you guys enjoyed what was in my

01:32

backpack and comment down below what you

01:34

keep in your backpack at all times and

01:36

Thank you so much for watching, bye!
