

Let's write!

Once upon a time there was a girl named Tasha. **When** Tasha was very young, her mother gave her a little magic doll. **After that**, her mother died. **After** some years, Tasha's father got married again. He married a very bad woman.

One day Tasha's stepmother asked her to go to Baba Yaga's hut. **But** Baba Yaga was a witch and she used to eat children. Tasha went to the hut **and** Baba Yaga shut her in there.

The little doll told Tasha to give the cat and the dog some food **so** they could help her escape. She did and managed to escape. **But** Baba Yaga was very angry and went after Tasha in her flying pot.

Tasha used the magic tools the cat had given her, the mirror **and** the comb. Tasha threw down the mirror **and** it became a big river. **But** Baba Yaga drank all the water. **Then** Tasha threw down the comb and it became a huge mountain. The witch tried to eat the mountain but her teeth were rusty **and** she had to give up.

Finally, the girl went back home **and** told her father what had happened. He threw the stepmother out of the house **and** *she* was never seen again.
