

VIA

Via (Olivia) Pullman is Auggie's older sister and a freshman at Faulkner High School. She sometimes feels like she's not as important to her family as Auggie is, especially since Grans, their grandmother and one of Via's favorite people, passed away. Sometimes she's frustrated that she's been defined more as Auggie's sister than as Via, but she's also fiercely protective of her brother and is a great sister and friend to him.

JACK WILL

Jack Will is one of Auggie's first friends at Beecher Prep. He and Auggie have six classes together: homeroom, English, history, computer, music, and science. Jack doesn't love school, except for some classes, like PE and computer class. And lunch and recess. But having August in so many classes makes it easier, because they make each other laugh in class a lot. His first name is Jack and his last name is Will, but a lot of people call him Jack Will like it's all his first name.

JUSTIN

Justin is Via's boyfriend. He plays the fiddle in a zydeco band, which plays Creole music from Louisiana (but Justin is from Brooklyn). His parents are divorced, and he has an older half-brother, but they're not very close. He loves the closeness of the Pullman family.
