

## **Transcript - Video: School Council 2012/13: Vote for Junaid Hameed**

**Junaid Hameed:** Hey, guys! I'm Junaid Hameed, in 8r, and today I stand before you to request your precious vote for the paints Grammar School student council elections 2012. I will make sure everyone's voice is heard. As you all know, you are all my good friends and I've always listened to you. I am not shy to put your ideas for to the senior counselors at council meetings. I bring with me the experience I have gained from being in the school council last year and I am sure that we finished successfully all projects that we embark on in the year to come. I was an important part of the learning researchers project and subcommittee, focusing on enhancing learning experience by observing and giving feedback on lessons to teach us. I enjoyed filming for the 2011-12 school council's first video assembly regarding our plans in the future activities of the school council have been highlighted in school assemblies. I've enjoyed interviewing head teacher candidates as well as conducting tours of the school to visitors. I've also helped the school on open evenings. Here are some ideas I proposed to the school council If I'm elected a new square top of machine on the ground floor I'll bring the home directory back onto plate so if citrix is problematic clear up the conservation area to make it a place for students to relax at lunch times of break times revitalize and regularly update the out page your page magazine continue the learning researchers project and expand it to include all students around the school but it won't be just my ideas I'll make sure each and every one of your ideas is heard if you have anything you want to talk to me about just talk to me when you see me around school or come to my former in the autumn 3 you can tweet me at at Junaid Hameed 1 2 3 or drop me an email at this address both for me you trusted me once and you can trust me again.
