[Frederik Pleitgen] It was a historic game here in Belo Horizonte. One of the worst defeats

00:05

in Brazil's history; at the same time, one of the biggest victories in the history of the German team. [Unknown Brazilian fan in the back] Vergonha pro Brasil, vergonha! Vergonha!

00:10

[Frederik Pleitgen] In very, very quickly, the Brazilians seemed shocked after the Germans scored several goals

00:15

in very quick succession. Many of the Brazilian fans we spoke to afterwards say they're absolutely deflated

00:20

and they cannot comprehend what's just happened. [Brazilian fan 1] We, we had, like,

00:25

five goals in thirty minutes and everything... Everything ruined

00:30

after that. [Brazilian fan 2/Kid] I think that Brazil... Brazil was going to win this game, like,

00:35

but if Brazil lose, I would rooting, like, 2-0, 2-1, but

00:40

7-1 is unbelievable! [Brazilian fan 3] It's a shame for Brazil. [Frederik Pleitgen] There were some scuffles that

00:45

broke out in the stadium during the game and, in the end, the Brazilian fans even applauded the Germans because they were so

00:50

deflated about what was going on the pitch. After the game there was also a little bit of tension, however,

00:55

by enlarge, most of the German fans say they are absolutely thrilled, but even they were surprised

01:00

how easy it was for their team. [German fan 1] They have so other qualities, especially in the

01:05

offense, yeah... What should I say? We are happy, but

01:10

with respect to the Brazilians we... I'm not celebrating like crazy. [Frederik Pleitgen] One of the things though that we've seen

01:15

is that the crowd here by and large was very, very peaceful. In the end, even some of the

01:20

Brazilian fans came up to some of the German fans and congratulated them on this victory.

01:25

[Brazilian fan 4] Congratulations, guy. [German fan 2] Thank you, thank you, thank you. [Brazilian fan 5] Congratulation, man. Congratulation. They deserve it. It was the best

01:30

game of the whole World Cup ever, you know? Congratulations. [German fan 2] No, I wouldn't say that. There was not... There was

01:35

not a much... Not a lot... Not a lot excitement. [Brazilian fan 4] No, the best for you, guys. That's what I hate, man.

01:40

[Frederik Pleitgen] This is certainly something that stunned the Brazilians very,

very badly. However, the Germans

01:45

will be celebrating here certainly all night. The few of them that came here to the stadium, hmmm... The German fans that we've seen are just absolutely ecstatic.
