

FAVORITE BOOK (REACT: Opinions #10)

Dash: My favorite book?

Rachel: That's a very loaded question.

Bill: Oh man, that's a hard one.

Rae: (sighing) Oh, it's so difficult.

Jaxon: My favorite book has to be 'Harry Potter and The Chamber of Secrets', for sure.

Adam: Probably 'The Hunger Games' series. Because it has to do with things blowing up and people dying.

Morgan A.: The whole 'Hunger Games' series. I'm not like a violent person or anything but it's so descriptive and just awesome.

Lloyd: My favorite book has to be 'Confessions of a Hollywood Prince'. It's just a wonderful book about early Hollywood.

Bill: Something I've reading lately is 'Quotable Einstein'. It's a book of things that Einstein said.

Robert: 'The 48 Laws of Power'. It's about how you can understand what power is all about.

Caden: My favorite book is 'The Lost Hero' by Rick Riordan. It's about Greek mythology.

Chloe: 'Dance Divas' by Sheryl Berk.

Maxim: My favorite book is... Why did I have to think of it? 'Diary of the Wimpy Kid', right away.

Brooke-Monaé: 'Dork Diaries' because it's about your inner beauty.

Everhet: My favorite book has to be 'The Five Ancestors' series.

Dash: 'Wonder'. It's about this kid who has like a messed-up face.

Lydon: 'Avalon: Web of Magic'.

Jennifer: One of my favorite books was 'The Red Tent'.

Rachel: 'The Road' by Cormac McCarthy. It's written in like this third person, omniscient, where you don't know the two main characters' names.

Sam: 'Catcher in the Rye'. I really like the story. It's like a coming-of-age story.

Troy: 'The Outsiders'. I just kinda feel like it's a little relatable.

Hanoch: My favorite books is 'Gone With the Wind'.

Laura: 'Gone With the Wind'.

Lois: My very favorite book: 'Gone With the Wind'. Because she was so dilated, just a natural, flirtatious little girl.

Rae: My favorite book is 'Looking for Alaska' by John Green. I just really like the realisticness and the bloodness of everything.

Victoria: 'Pride and Prejudice'. I think it's this the quintessential love story.

Mikaela: 'The Fault in Our Stars'. Most books have like some sort of like happy ending but this one doesn't really give you closure and it's more realistic.

Madison: 'The Lucky One' by Nicholas Sparks. It's so good and it's so cute. I'm such a hopeless romantic (laughs).
