

## Presentation Outline

1- Plan your presentation outline and share it with two different classmates (who are going to give you some feedback on it). Then listen to your classmates' presentation outlines and give them feedback too. Use the information below to guide you.

**THEME** (What would you like to talk about?)

---

---

**AUDIENCE** (Who are you presenting to? This will help you decide the degree of formality that is going to be used):

---

---

**OPENING** (How do you want to greet your audience? How do you want to start your presentation?):

---

---

**OUTLINE** (What are the topics that are going to be addressed in your presentation? How are you going to sequence them?):

---

---

**ARGUMENTATIVE RESOURCES** (What resources are you going to use in order to make your point? Are you going to mention historical facts or research studies? Are you going to resort to graphs and charts?):

---

---

**CONCLUSION** (How are you going to conclude your presentation? Are you going to make a summary? How are you going to close your presentation?)

---

---
