

AUGGIE

Auggie (August) Pullman is ten years old. He loves Xbox, his dog, Daisy, and he really loves Star Wars. His favorite character is Jango Fett, and he used to have a small braid in the back of his head like a Padawan Jedi apprentice. His favorite holiday is Halloween, and his birthday is October 10th.

Auggie has had twenty-seven surgeries—some big, some small—and he has some medical mysteries that doctors still haven't figured out. All of this comes from a specific gene. His parents and his sister, Via, each carry the gene, too, but only Auggie shows it.

CHARLOTTE

Charlotte Cody is one of the smartest kids in her grade, which makes a lot of other kids think she's a goody two shoes. She loves theater and dancing, and she has two sisters and a puppy named Suki that her family adopted from an animal shelter. She is friendly and doesn't choose sides at school, and she might have a crush on Jack Will. Might.

SUMMER

Summer Dawson is popular, but she doesn't always do what the other popular girls do. She sits with Auggie at lunch on his first day of school, and they realized that their names kind of match because they're both summer names. They only have one class together, English, but they eat lunch together every day and hang out after school a lot. One of her favorite sayings is "cool beans," which is also a great way to describe her.
