

Highlight the elements that are related to the *setting* of the story:

“Snow White was now all alone in the great forest, and she did not know what to do. The trees seemed to whisper to each other, scaring Snow White who began to run.

She ran over sharp stones and through thorns. She ran as far as her feet could carry her, and just as evening was about to fall she saw a little house and went inside in order to rest.

Inside the house everything was small but tidy. There was a little table with a tidy, white tablecloth and seven little plates. Against the wall there were seven little beds, all in a row and covered with quilts”.
