Vídeo/Áudio: Aaron Paul Is Obsessed with Stranger Things

Link: <https://www.youtube.com/watch?v=FP-kgnavUQQ>

Transcrição:

Jimmy Fallon: You and everyone else I know is obsessed with 'Stranger Things'...

Aaron Paul: Oh, my God!

Jimmy Fallon: ...on Netflix. They've hit their home run, right? Those guys.

Aaron Paul: Oh, God, one of the best things I've ever seen.

Jimmy Fallon: Who are those guys? The Duffer Brothers?

Aaron Paul: The Duffer... I have no idea.

Jimmy Fallon: Is that made up? They might be...

Aaron Paul: The Duffer brothers.

Jimmy Fallon: They might be made up people. They might be made up people.

Aaron Paul: Yeah, yeah...

Jimmy Fallon: I don't even want to know who they are. But we're so, ah... I do, but I don't. It's like the show, I don't want to spoil it for you, but... you're obsessed...

Aaron Paul: I am obsessed, I just, I actually just looked through the whole lookbook they had when they were pitching the show...

Jimmy Fallon: What?

Aaron Paul: Yeah, I can't believe...

Jimmy Fallon: How did you get to see that?

Aaron Paul: I just kind of... snuck it to me.

Jimmy Fallon: Yeah, you're Aaron Paul, "I'm a star".

Aaron Paul: Yeah, I snuck it to me last night and I read through it and I just can't believe people passed on it.

Jimmy Fallon: Oh, they did?

Aaron Paul: Yeah, people passed on it. And then, you know... Netflix.

Jimmy Fallon: I don't know the story behind it.

Aaron Paul: Yeah, I guess, apparently, a lot of networks, just, they saw it and said "we don't see it".

Jimmy Fallon: Those kids.

Aaron Paul: Oh, my God. Those kids.

Jimmy Fallon: You love them, they're so cute.

Aaron Paul: I love them. I'm obsessed with them.

Jimmy Fallon: They're coming on, right?

Aaron Paul: Yeah.

Jimmy Fallon: They're coming on the show, I think.

Aaron Paul: They're coming on? Here?

Jimmy Fallon: Yeah, all four of them.

Aaron Paul: Oh, my God!

Jimmy Fallon: Three little boys and the girl.

Aaron Paul: When? Soon?

Jimmy Fallon: In one week, yeah.

Aaron Paul: Can I come?

Jimmy Fallon: Yeah!

Aaron Paul: I would love to come! I'm obsessed, yeah.

Jimmy Fallon: You got to interview Eleven.

Aaron Paul: Yeah! Millie Bobby Brown who plays Eleven.

Jimmy Fallon: What a great name, Millie Bobby Brown.

Aaron Paul: Twelve years old.

Jimmy Fallon: Is she only twelve?

Aaron Paul: Only twelve. And I was asked to interview her for ELLE magazine and... I was terrified.

Jimmy Fallon: What was the connection? Why would they ask you to interview her?

Aaron Paul: Because I was on... I went to Twitter and I just confessed my love to the Duffer brothers: "Dear Duffer brothers, thank you. Sincerely, Everyone."

Jimmy Fallon: Yeah. And then you could only fit 140 characters, for sure.

Aaron Paul: Yeah, exactly. So ELLE reached out and said "Hey, would you like to interview Eleven? Millie Bobby Brown?" and I just said instantly "YES!".

Jimmy Fallon: What's she like?

Aaron Paul: She's the best!

Jimmy Fallon: Of course she is!

Aaron Paul: She is the BEST! But I was so terrified. She was on a family vacation in Spain and I thought "I've got to make this good!".

Jimmy Fallon: Yeah.

Aaron Paul: You know?

Jimmy Fallon: Of course.

Aaron Paul: But she gets on the phone and, that cute little accent...

Jimmy Fallon: Does she have an accent?

Aaron Paul: Yeah, and she's far more articulate than I, and I was terrified.

Jimmy Fallon: What is her accent?

Aaron Paul: Oh, she grew up in, I think, London.

Jimmy Fallon: So she has the British accent?

Aaron Paul: Yeah.

Jimmy Fallon: Did not know that!

Aaron Paul: She was born in Barcelona and then grew up in the UK.

Jimmy Fallon: So you were a little starstruck.

Aaron Paul: Yeah.

Jimmy Fallon: And how did it work? It worked out great?

Aaron Paul: It was great.

Jimmy Fallon: Yeah, good!

Aaron Paul: Yeah, we, my wife and I, you know, we said that we wanted to adopt her.

Jimmy Fallon: She was with her family.

Aaron Paul: I know, but she said that...

Jimmy Fallon: On vacation!

Aaron Paul: She said that we could.

Jimmy Fallon: She considered it?

Aaron Paul: Yeah.
